Our Success is Your Success!

It's been a busy year at NG Pride!! We have added to our outreach programs, worked to build community recognition, and connected with other like-minded organizations. We've revamped our website, initiated a monthly events calendar and hosted countless conversations in our office. We couldn't have done this without you! Your support has grown the resources needed to create the safe and inclusive community we all dream of. Are we there yet? Certainly not. Has there been progress? Absolutely!!
